- Our firm is currently licensed in 33 states and Puerto Rico.
- HP Engineering is well versed in Revit MEP. We began using the software in 2008.
- We are an AIA CES provider.
- Our team has provided services for approx. 20 LEED certified projects to date.

Project in Focus :

At HP Engineering Inc. we strive to meet the needs of all our clients and exceed their expectations. We will take a look each month at a project we've recently completed. This month's

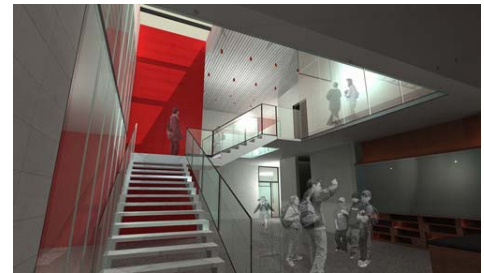

project is the Green Forrest Middle School and the architect of record is Modus Studio. We always feel

honored to work on school projects, because it's a tremendous opportunity to give back to the community by investing in the education of our most valuable resource: children. Our goal was to provide an energy efficient system that met the budget of the school. Some of the solutions we provided were: on demand ventilation control utilizing CO2 sensors, a 19 SEER split HVAC system, low flow faucets and water closets, energy efficient fluorescent light fixtures and occu-

pancy sensor controls for lighting and HVAC. In addition to being energy efficient, these systems

had to also compliment the architecture of the school, while providing the school with a low maintenance solution.

This section will provide useful information and sometimes it will be just for fun...

New Years Resolutions

Mark - I resolve to never make another New Year's resolution.

Dan - I will be the first human to complete P360X & pass the PE exam in the same year.

Richard - I will run a marathon by the end of the year.

Brittney - I will complete my BS in Legal Studies **AND** learn electrical design in 2011.

Erin - I will solve all of the world's energy problems in 2011.

Bill - I will keep one car for the entire year of 2011, or at least one make of cars...

Brandon - I will put down my phone when I get home and not pick it up until the next day.

Silva - I will read 26 books this year, that's two a month..

Colby - I will eat healthier in 2011...

Shannon - I will laugh at Bill's jokes in 2011.
